

Summer's top 4 SHOE TRENDS

STROLL INTO THE SEASON WITH THESE HOT STYLES

GWYNETH PALTROW

Add pop with PINK

Give your black pumps a break! Summer's the perfect time to play with color. The latest hue? Hot pink! "This is the kind of shoe that instantly jazzes up a boring outfit," says fashion expert Adrianna Costa. Just be sure to stay away from '80s-inspired neon versions — they can look cheap.

DON'T

Top Model contestant Sara Racey-Tabrizi's hot-pink over-the-knee boots are just too much.

Go neutral in DENIM

Denim is popping up on all sorts of unexpected things, from bags to (you guessed it) shoes. Like your fave pair of jeans, these can be worn with anything, even other denim pieces, says Costa. "Just don't get too matchy-matchy."

Look boho in LACE-UPS

Thin leather laces — on both heels and flats — give the classic gladiator a modern twist. Remember: Laces should sit close to the skin. And be sure to tie them at the ankle — you want to draw eyes to where your leg is thinnest!

TRACY BINGHAM's knee-high laces just add width to her legs!

Get comfy in STRAPPY WEDGES

The chunky classic's not just for day anymore thanks to this summer's strappy versions. Look for colored straps or embellishments — they'll take you from a day at the beach to a night at Nobu, says Costa.
